GIRLS NIGHT IN...AND OUT ...AND IN

While their boyfriends are out watching another lame Monday Night Football blowout, little do they know about the sweaty rivalry going on back at their apartment. Their girlfriends are working up a sweat trying to out-slut each other. If only the boys had stayed home, they'd get to see Pro Bowl buttlickers **Aiden**, **Celeste Star** and **Sammie Rhodes** in action. The boys may be gnawing on buffalo wings and swilling beer, but the girls are eating gourmet—namely, each other. And from the looks of their assholes after taking room-shaking fucks from that monster-sized butt-dildo, there was a blowout worth watching tonight—too bad the Neanderthals missed it!

KELLI McCARTY, FORMER MISS USA, CUMS CLEAN!

The Exclusive Taboo Sex Pix That Shocked Hollywood!

By ROB PEREZ

ALL PHOTOS COURTESY OF VIVID & KELLI MCCARTY

TO SAY KELLI McCARTY HASN'T BEEN AROUND THE BLOCK A FEW TIMES WOULD BE AN UNDERSTATEMENT. A *MISS USA* WINNER IN 1991, KELLI HAS TRAVELED THE WORLD, MEETING WITH WORLD LEADERS AND LENDING A HAND TO VARIOUS CHARITABLE ORGANIZATIONS. WHEN HER ONE-YEAR *MISS USA* REIGN ENDED, KELLI FOUND HERSELF IN HOLLYWOOD, STARRING ON THE NBC SOAP OPERA *PASSIONS*, WHERE SHE MET AND WORKED WITH SOME OF THE BIGGEST STARS IN THE ENTERTAINMENT INDUSTRY. THEN KELLI DID THE ONE THING MOST PEOPLE NEVER EXPECTED HER TO DO: *SHE MADE A PORN FILM!*

WHEN KELLI FIRST DECIDED TO VENTURE INTO THE RARIFIED WORLD OF ADULT, SHE WAS IMMEDIATELY WELCOMED WITH OPEN ARMS. SHE WAS GREETED WITH ENCOURAGEMENT AND SUPPORT. HER ONE AND ONLY PORN FILM, *FAITHLESS*, WAS RELEASED IN FEBRUARY OF 2009 TO CRITICAL PRAISE, EVENTUALLY BECOMING ONE OF VIVID ENTERTAINMENT'S TOP BESTSELLING TITLES. KELLI WAS NOMINATED FOR AN AVN AWARD FOR "BEST ACTRESS" AND QUICKLY BECAME PORN'S NEW "IT" GIRL.

WHILE KELLI FOUND ALL HER ENDEAVORS IN PORN TO BE GENUINELY POSITIVE, MAINSTREAM U.S.A.—HOLLYWOOD—SHUNNED HER, REFUSING TO WORK WITH A FORMER *MISS USA*-TURNED-PORN QUEEN. ALTHOUGH KELLI HASN'T COMPLETELY CLOSED THE DOOR ON A RETURN TO ADULT, SHE CONTINUES TO EXPERIENCE DIFFICULTY SECURING MAINSTREAM ROLES ON TV.

HIGH SOCIETY RECENTLY SPOKE TO KELLI, WHO CURRENTLY SPENDS A CONSIDERABLE AMOUNT OF HER TIME RESCUING ANIMALS AND VOLUNTEERING AT VARIOUS ANIMAL SHELTERS ACROSS THE LOS ANGELES AREA. SHE HAS NO REGRETS ABOUT HER PORN PAST AND VOWS SHE WILL ONCE AGAIN BE SEEN—CLOTHED—in A BIG HOLLYWOOD PROJECT.

HIGH SOCIETY: Tell me about your work with animal rescue.

KELLI McCARTY: I've been involved in animal rescue for 20 years. I'm always encouraging [animal adoption], especially because of the economy and people losing their homes, they're dumping their pets at the highest rates in our lifetime. I have four dogs that are all from the pound and one fat cat.

HS: So you've always loved animals?

KM: I love dogs. I love animals, in general, more than people and I'm not ashamed to admit that. [Laughs]

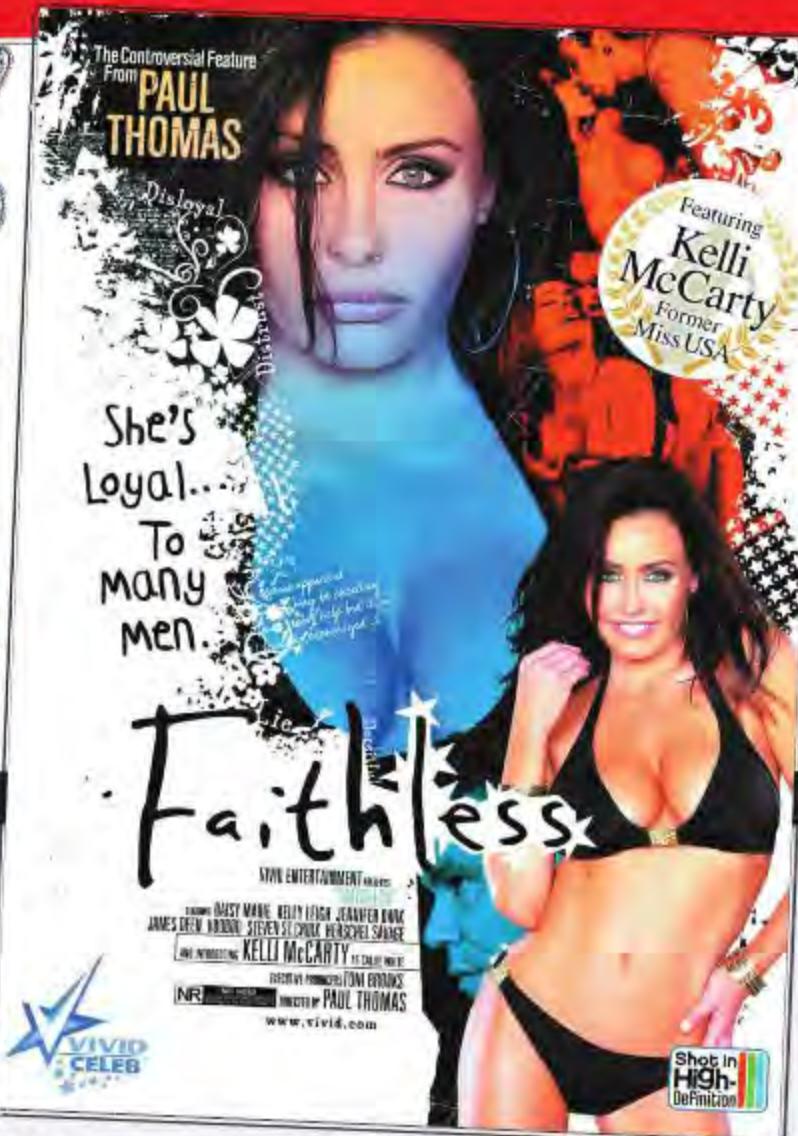

"WHAT I DO SEE TODAY THAT I THINK IS HORRIFIC, IS ALL THESE LITTLE TODDLERS BEING PUT UP ON STAGE AND MADE UP TO LOOK LIKE PORN STARS."

HS: Since *Faithless* came out, how have the last three years been for you professionally?

KM: To be honest, it hasn't been a big difference in my everyday life. I still do all of the same things. I still go to yoga pretty much every day and hang out with my friends and walk my dogs. Professionally speaking, my agent is not really calling me that much. He wasn't calling me that much before I did *Faithless*. I was sort of in a place where I was really bored going on regular auditions, anyway. I'm not feeling a big change in any aspect of my life. Everything is really good.

HS: After *Faithless*, were people hesitant to be in business with you because of your porn affiliation?

KM: Absolutely, I think they were scared to hire me because it's still so taboo. But again, I wasn't going out on a lot of auditions before I did the movie, anyway. That's why I didn't really see a big change.

26985

HS: Did you feel you could do both mainstream and porn at the same time?

KM: I always feel like I can do anything and everything. [Laughs] Unfortunately, people have this mindset that you can only be one thing or the other, and are not open to doing both. I don't see the big deal crossing over, back and forth. For me, it's just another job.

HS: You said previously that doing *Faithless* was the most empowering thing you've ever done. Do you still feel that way?

KM: It was totally empowering. It's not every day that an actress in this town can walk into a production company and say, "Hey! I want

© VIVID.com from the feature FAITHLESS

© VIVID.com from the feature FAITHLESS

VIVID.com from the feature FAITHLESS

to make a movie, and I want to co-write it, and have final cut on the edited version." Vivid [Entertainment, headed by Steven Hirsch] was totally open to that. They said, "Yeah, absolutely." Being on the set, it was all about making sure that myself and the other actresses were totally comfortable, and if they weren't, nothing was going to happen.

HS: Did you get to pick the cast?

KM: I did. They had a casting session and they came in and we read some sides and then I cast it.

HS: Were you a fan of porn before *Faithless*?

KM: Never. I've been totally indifferent to porn. I've watched it and it can be cool, but for me to watch porn, I want there to be a story. I want to care about the actors in it. Otherwise, it doesn't really do it for me, and there's so much gonzo porn out there now that I don't really get. That's why I took a lot of time to work on the script and have a solid story.

HS: Do you regret doing it?

KM: No, not at all.

HS: Is there anything you would have done differently?

KM: No. I'm 100 percent happy with how it came out and the reception it received. I'm really proud of it.

HS: Did the film garner any awards?

KM: I got a "Best Actress" nomination, it was on top of the AVN charts for I don't know how many months, and it was a top seller for Vivid. I thought that was pretty cool.

HS: Because you're a former Miss USA, and they [Miss Universe Organization] project a wholesome image, did you have any fans that were in shock that you did a porn film?

KM: I had so many people reacting that way, saying, "What happened to her? How can she do that? You were America's sweetheart." I

think a lot of people believe that once you win Miss USA that you walk around with a crown attached to your head for the next 60 years. People said, "Did Miss Universe come after you? Are they going to sue you now?" It's just a year you have that title and then you get to actually move on and have a normal life. But I really tried to let my fans know that it was a job. It was something that I wanted to do. I'm not defining myself, just because I did porn. I think a lot of people would have felt better if I went into rehab, then they could've said, "Oh, that's what happened?"

HS: By fans, that also includes fans of yours from your soap opera, *Passions*?

KM: Absolutely. Most of my fans come from the soap world.

HS: Today, are you considered an outcast by the Miss USA Organization?

KM: Yeah, I'm absolutely an outcast. They [Miss USA Organization] had the 20-Year Reunion this year, and I won 20 years ago, and I was not invited to Vegas.

HS: Do you feel that your doing a porn film is the primary reason why?

KM: I think probably that and then I turned Donald Trump down quite a few times when he asked me to come out and visit him. [Laughs]

HS: By visit you mean personally visit him?

KM: Yeah. [Laughs] You can say that.

HS: He owns Miss USA, but he didn't own it the year you won?

KM: No, but we played golf during my year as Miss USA. It was a random celebrity golf tournament, and he continued to call me quite frequently after that and I've never taken him up on his offer. Maybe that's one of the reasons. [Laughs]

HS: For the record, we don't know why he

wanted to meet with you. Maybe it was strictly business; maybe, it was for something else, but we don't know for sure.

KM: I do. [Laughs]

HS: Does it hurt you that the Miss USA people view you as an outcast?

KM: No. The reality is, I won Miss USA. I will always be Miss USA 1991. No one can take that away. So I don't give a crap if they don't want to invite me to their party.

HS: If the Miss USA people called and asked if you would be involved in the Organization in some way again, would you jump at that opportunity?

KM: Yeah! Absolutely.

HS: Did anyone try and talk you out of doing *Faithless*?

KM: My mom, but I did it anyway, and there's not much she can say after the fact. Now, she's totally fine.

HS: Have you done anything mainstream since *Faithless* was released?

KM: I did one movie that will be premiering soon called *Fortune 500*. It's just a small bit part where I play a porn star—what a surprise, [Laughs] but it is a mainstream movie and I think it will be pretty cool.

HS: The YouTube reality show you're in, Kelli McCarty Back to Reality, where you're meeting with your agent for the first time in two years, have you gotten any [mainstream] work since that meeting?

KM: No, I still haven't gotten [anything]. That was really recent when we shot that. We are going to continue shooting more stuff to follow up that and we're actually pitching that as a reality show.

HS: What is your honest opinion of the porn industry? Did you find it to be a

negative or positive experience?

KM: I found it to be really positive. Everyone is very respectful of women, which is surprising for people to hear. It's really professional on the actor and crew level. It's so similar to mainstream.

HS: Are you done with porn? Would you ever return to that world?

KM: I never say "never," but it's not my intention. It was never my intention to do more than one film. Vivid [wanted] me to do more, but it's something I wanted to do and experience and it was great. Now, I'm moving on to whatever my next experience is.

© VIVID.com from the feature FAITHLESS

HS: Are you proud of *Faithless*?

KM: I'm really proud of it. I got great feedback from both men and women who loved it.

HS: How do you feel about beauty pageants, in general, today? Do you believe they can be a positive experience for girls?

KM: I would say that beauty pageants can be amazing for women, and there's a lot to learn, and there's a lot to gain through them. Certainly for me, winning *Miss USA*, I won a lot of money, I traveled the world, and met all kinds of amazing people. I had a really positive experience. What I do see today that I think is horrific, is all these little toddlers being put up on stage and made up to look like porn stars. I encourage people that if they want their kids to be in a pageant, then let them choose.

OCCUPY WALL SKEET

30149

The bar is the quintessential hole in the wall that drunken dick lovers like Diana, Carolyn, Sophia, Ava, Nikki and Franceska frequent on their lunch hour. There's no karaoke, no live music, not even a jukebox. It's strictly no-frills, except for the glory holes that connect the far wall of the joint to the fire station next door. Here, the only thing that flows as freely as the liquor is the high-pressure jets of white-hot semen that come shooting through the hollows. These guys may be lousy at stopping neighborhood infernos, but they can extinguish even the hottest woman's burning desire with one good long squirt from their hoses. You can almost hear the jizz sizzle as it hits the women's glowing faces or shoots down their scorching mouths. Sometimes it's okay to yell "fire" in a crowded building.

30181

STARRING: KARA FINLEY, DAYA LAYNE, AVA JAY AND LIZZ TAYLER WITH WILL POWERS, BILLY GLIDE, LEE STONE AND TALON **DIRECTOR:** CHUCKY SLEAZE **STUDIO:** LETHAL HARDCORE

The economy is rough these days, and more than a few mothers who would otherwise be home making peanut butter and jelly sandwiches awaiting their daughters' return from a wholesome day of studies have had to go out and find jobs for the girls. Certainly these mothers can't be expected to work themselves, not with their able-bodied younger versions still living at home.

In an effort to maximize profits, these sly moms have sought out the work that will bring in the most money with the least amount of exertion and overhead: pimping their daughters.

Kara Finley, Daya Layne, Ava Jay and Lizz Taylor are all willing participants in this Funzi Scheme. No more teachers, no more books, just lots of hard cocks and hard cash, though their moms keep most of the latter. This is home economics in America today.

Don't think that mom is going to shove her little girl into the arms of just any horny stranger. No, unlike Wall Street she has rules: Kara's mom doesn't want rough stuff, no spitting and no hair-pulling, no anal, no multiple guys, no kissing, no girls, no licking her rear end, no interracial, no cum on the face or in the mouth, and most importantly, cash at the end of the day. But once mom leaves, things are in Kara's hands. Big things.

Her 18-year-old pussy is shaved and wet and her fin-

Teenage Jizzland: Bad Girl Kara loves riding "big dicks" to fast orgasms in her little plaid skirt.

LETHAL HARDCORE

gers are happy to go inside or to stay on the perimeter, pulling her hole open, and Will is eager to fill that thing up. She's tight and moans heavily as he squeezes his cock into her snatch. She works her clit and watches his penetration, still mystified at how good it feels and wondering why it took her so long to start this fucking business.

"Big cock, oh that big dick!" she whimpers in the moments before she cums on his rod. He grabs her by the back of her head and they kiss hard and breaking the rules seems to make her cum harder. When she stops shaking she sucks his prick and then gets on to ride, the frills of her little skirt wavering as she springs up and down, her round ass jiggling and pigtails swaying. She grits her teeth through another orgasm, howling as Will sucks her titties.

A few orgasms later, he cooks up his own load and blasts it into her mouth and onto her face. She swallows what she has down and smiles at the camera. "I'm a bad girl, I didn't listen to mommy," she says. Neither did the director—he cut her a check and split, and mom isn't happy with Kara leaving without cash and with a little cum still damp on her face.

Daya is another first-timer fished from normal world by a simple newspaper ad. She doesn't seem smart enough to read a newspaper let alone remember mom's list of rules, but she knows what she likes and that is being fucked. Big eyes, swollen rump, little titties and a squeaky girl voice make her fun and full-bodied and serious in the sack.

She lets out a cute giggle when Talon comes in, hard cock ready, and she sucks him eagerly. It seems to flick a switch and soon she pushes him back on the couch and mounts him, her high voice deferring to deep grunts as she rides him, teenage eagerness in search of that newfound glory: the orgasm.

Talon grabs on to her sizeable ass, holding on for his life as his work is limited by Daya's aggression. She cums like cock-work, hitting the O note in every position, though she seems most at home when she can cowgirl as fast as she wants and keep a finger on her dictator-mustached cunt.

A girl can't be a porn star without the money shot and she's eager to use her mouth as a cashbox. While some spare change gets lost on the way, the big buildup goes straight into the till. Ka-ching!

LETHAL HARDCORE

El Mucho Grande: Ava's mom may not be down for massive pipe, but her sexy daughter sure knows how to milk a meatpole.

Ava's mom doesn't speak very good English, which is going to make it easy to misunderstand a couple of her rules, though they can agree that payment won't be in pesos. Once the clothes come off the rules are forgotten and Ava wants her guy to go deep and just pound it. Lee is the right man for that job.

"It's so big, it's so big, it's so big," she moans as he slides it in. "It's...huge!" He pushes her legs back as far as they will go and gives her a whole new depth perception. She spends the first few minutes just lying there, shocked by this new experience and the feeling of being completely controlled by the muscled man and his enormous dick.

She gets on top, but even then she's completely his rag-doll, and he growls as he ravages her teen honeypot, rendering every teenage boy useless to this young pretty from here on out. When he takes her from behind she's practically cross-eyed, her pigtails sweeping the couch as he smacks her ass, one cheek then the other, Ava moaning about how big he is and wishing she could relax long enough to really cum. This time she'll have to settle for a grunting tattooed man who gives her a thick, milky white mustache.

Lizz's mom wants \$2,000 to hand over her daughter for her first porn scene, but the rules almost get in the way. No anal, creampie, butt-licking, gangbang, and condom-only. Condoms? The list is so long that the director just agrees to everything and tells her to come back in a couple hours.

Lizz has a different set of rules and for a first-time porn whore she is wholly eager and completely unintimidated by Billy's massive sausage. In fact, it only seems to make her want it more. She licks it, and sucks it, and it isn't long before the well-proportioned young girl is on top of him and grinding hard on his cock, her voice a rollercoaster of

moans and her pussy lips growing and stretching and inching their way over his fat prick. Lizz goes faster and faster, her sweet perkies juggling as she encourages him to nail her harder as she cumms on his dick.

As one might guess from the "Briana Banks" tattoo that banners her stomach, this is not a girl into light and fluffy sex. She spends most of the time demanding all-pro Billy fuck her harder, giving him a rare challenge as he bangs the teens out of the pig-tailed wondergirl. He earns the relief he gets from squirting all over her face and in her mouth. "Rules were meant to be broken," she says defiantly.

Little Squirt—On The Face:
Briana Banks wannabe,
Lizz, gets drilled 17 ways
until Sunday, and has a
damp eye to prove it.

WHEN WE CAUGHT UP WITH ALETTA, SHE SPOKE TO US FROM HER HOME BASE IN BUDAPEST, WHERE SHE CONFESSED ABOUT HER TERRIBLE FIRST TIME, WHERE SHE RATES HERSELF, HER LOVE OF ANAL SEX, AND HER CURRENT RELATIONSHIP STATUS. GIRLS LIKE ALETTA DON'T COME AROUND TOO OFTEN, BUT WHEN THEY DO, YOU CAN COUNT ON THEM TO DELIVER THEIR VERY BEST EACH AND EVERY TIME. IN CASE YOU HAVEN'T SEEN THIS INCREDIBLE PERFORMER AT WORK, HERE'S YOUR INTRODUCTION TO ONE OF THE VERY BEST OVERALL PERFORMERS IN PORN TODAY.

HIGH SOCIETY: You are so beautiful. Have you ever done any "non-porn" work, such as runway modeling?

ALETTA OCEAN: Thank you. Yes, I did some runway modeling at the very beginning. It's not for me. It's very stressful job. It was not a big career. [Laughs]

"One day, I woke up and decided I wanted big boobs. I had a dream of girls with big boobs. Before I had nice, natural small tits. Now I have 800 ccm each."

HS: Why did you decide to do porn?

AO: Well, it's a hard question. Probably because I love my appearance, I love passion, and I'm a little bit of an exhibitionist. At the same time I had a boyfriend who did this before.

HS: How did it feel to win the AVN [Adult

"On my body, I would change my waist to a skinnier one. In my personality, I want to be more social with people I don't know."

Video News] Foreign Female Performer of the Year Award?

AO: This is a very funny story. I won this award in January of 2010. Before this date, I didn't know anything about porn awards and these kinds of things. So, I was watching TV at home and I checked my phone. I

got a lot of congratulations [in the form of] text messages. I was like, "What?"

HS: Who do you think are the best female European performers today?

AO: I really like Aleska Diamond. She is my best friend in [my] private life. I think she's

great. I also think that Tara White is a very good performer, Mandy Dee, too.

HS: Why did you decide to have breast augmentation surgery? How big were your breasts before and how big are they now?

AO: I've loved big boobs since I was [a

young girl]. One day, I woke up and decided I wanted big boobs. I had a dream of girls with big boobs. Before I had nice, natural small tits. Now I have 800 ccm each. [Approximately, 38E]

HS: Do you get a lot of attention when you

are out in public?

AO: Of course, I do! Sometimes it's too much attention.

HS: In your personal life, how would you describe the real Aletta Ocean?

AO: Uncommunicative, passionate, selfish,

honest, very good friend.

HS: Do you have lots of boyfriends?

AO: No, I have none.

HS: What's the best thing about being a porn star?

"I have no problem with gang-bangs, but I can tell you, it's very hard to concentrate with more guys [in the scene]."

30306

AO: Making good money, lots of orgasms, travel to many places.

HS: What's the worst thing about being a porn star?

AO: Some people judge me at the first moment.

HS: Where would you rate yourself, looks-wise and body-wise, on a scale of 1 to 10?

AO: 10!

HS: What would you say is your best and worst physical feature and why?

AO: Best is my butt, and worst is my back. It's too big.

HS: Are you a very dominant or submissive person?

AO: Submissive, with men. [Laughs]

HS: If you could change one thing about yourself, what would it be?

AO: You mean in my personality or body? On my body, I would change my waist to a skinnier one. In my personality, I want to be more social with people I don't know.

HS: How old were you when you lost your virginity and how was the experience?

AO: I was 18, and I lost it [to] a tennis player. It was very painful. I tried the cowgirl position first, but the guy had [a] very big dick and it was impossible. [Laughs]

HS: Do you like having anal sex in your films?

AO: I prefer [anal] in my private life. It's much more relaxing.

HS: Why do you prefer anal in your personal life?

AO: I like [it] because it's a different dimension of sex and orgasm.

HS: Do you enjoy doing gang-bangs on film?

AO: Yes, I have no problem with that, but I can tell you, it's very hard to concentrate with more guys [in the scene].

HS: Have you ever done a gang-bang or been with more than one guy in your personal life?

AO: The maximum was two guys.

HS: Do you masturbate often?

AO: Yes! [Laughs]

HS: Which male celebrities would you most like to have sex with?

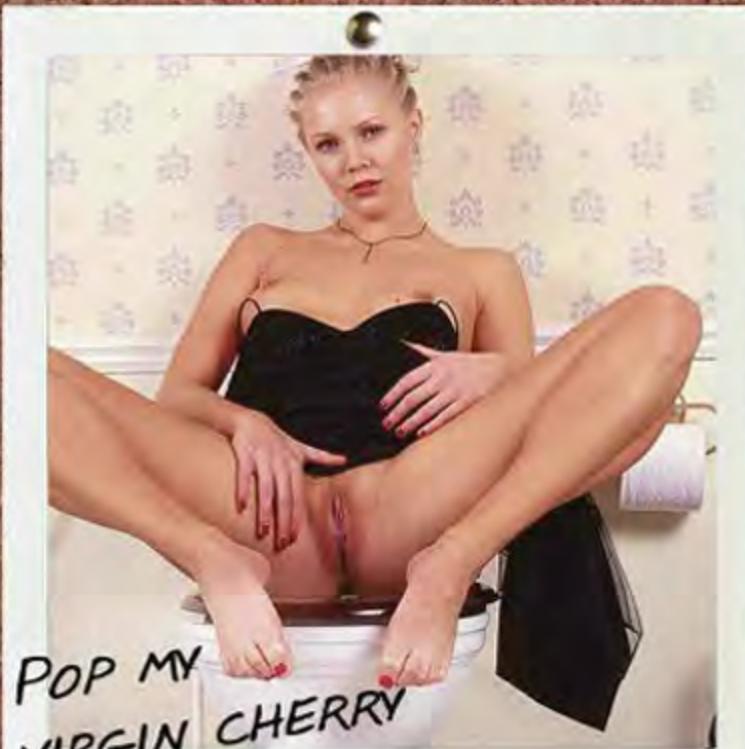

AO: Matthew McConaughey and Marc Anthony.

HS: Do you have a website, Twitter, Facebook, or Myspace page where your fans can reach out and interact with you?

AO: My website is www.AlettaOceanEmpire.com and my Twitter is @AlettaOcean_XXX.

SURVIVAL SECRETS FOR
THE 2012 APOCALYPSE

Story by PETER THOMPSON

**What the caterpillar calls the end of the world,
the master calls a butterfly.**

—Richard Bach

**A butterfly emerges from its cocoon, flutters
around for a day or two until it's ripped to
shreds by a hungry predator.**

—Rafat Singh, Entomologist

On Friday, December 21, 2012 the world and its seven billion human inhabitants will be snuffed out by a sudden, cataclysmic mega-disaster, just as the ancient Mayan Calendar expires and the earth moves into perfect alignment with the center of the galaxy.

Today, as we speed toward oblivion, humanity is being pushed, pulled, slogged, hauled, drawn, worked, heaved, and dragged grudgingly toward its own massive extinction by the malevolent forces of elitism and uncontrollable changes of Earth. The abrupt and categorical end of anything and everything is almost upon us. Is it too late, or can

of happening, good or bad. It's anybody's guess what that something is and what, if anything, lies beyond.

The older age is being replaced by the new. It's a great metamorphosis, a process of tremendous change. It might be good, but, then again, it could be bad. We may live through it, or die like miserable, bleating, mangled animals. Or there may be a lot of nothing or a lot of both: The birthing process is often just as violent and just as bloody as the natural death progression, with just as many tears. One necessarily implies the other—they are two sides of the same coin that can never truly be separated.

The world is being born into a new galactic alignment, and the act of giving birth to anything is a painfully miserable process, with grueling, sweating misery, severe pain, tears, pleas for mercy from above, and violent screams of condemnation—in both cases, screams that are often directed at the father.

Indeed, the similarities are so great be-

own demise, forecast for Easter Sunday, April 21, 1519.

According to Mayan lore, they were to be destroyed by, of all things, *butterflies*. On that exact date, one could have looked over the ocean horizon and seen the flapping, fluttering sails of Cortes' fleet of Spanish galleons. They may have known when and how their shit was going to hit the fan, but they sure as hell couldn't do anything to stop it. So they spent their time preserving sacred cultural traditions, such as permanently and purposely crossing their children's eyes and pressing boards to their faces to create that cosmetically desirable "flattened" look.

One of their calendars, the so-called Long Count Calendar, ends on December 21, 2012, but to say something ends in ancient Mayan culture is equivalent to saying that something else begins. The Maya believed in circular time, as diverging from our linear method of understanding the measure of universal intervals. Therefore, any prediction of an "end" in

WE ALL WANT THE WORLD TO NOTICE US WHEN WE'RE GONE, MUCH LIKE THE INHABITANTS OF ATLANTIS. SURE, THESE CATS COULD TIME-TRAVEL, BUT THEY NEVER QUITE FIGURED OUT HOW TO BUILD A FUCKING BOAT.

we alter our own brutal, vicious destiny, defeat the forces of globalism, and retake our planet for the good of the people?

Maybe.

Maybe, not.

It probably isn't even as bad as all that. What is unquestionably happening, as the Mayan Calendar moves closer to departure point, is that we are emerging from the end of one, long karmic time cycle into the beginning of another, at the same time our sun enters into its 11-year cyclical period of maximum activity, and, curiously, on the same date that disparate cultures from all over the world seem to have predicted some sort

tween the two possible results, it's very possible that we might not even be able to tell just what the hell is ultimately happening come December 21, 2012.

But if even one percent of what has been written about and forecasted comes remotely to fruition, we are all so horribly and irreparably fucked that we will long for the darkest days in human history.

The only thing for sure is that *nothing* is for sure. And even *that's* not a certainty.

MEET THE MAYANS

The Mayans were an intriguing pre-Columbian Mesoamerican people who lived in modern Mexico, El Salvador, Belize, Honduras, and Guatemala.

They excelled at astronomical prediction. They also sacrificed dogs, chickens, alligators, and the anomalous child to the rain gods to ensure that precipitation never ceased. And they never quite got around to inventing pants.

But over 1,000 years ago, Mayan astronomers managed to calculate the length of a year to within mere tenths of a second of what we nowadays, with all our computers and satellites, know to be the truth. It can be argued that they were the first culture to consider the viability of extra dimensions in space, as well as anomalies such as wormholes. It is said that

they even predicted their

2012 is also the prediction of a beginning—which remains a problem, because it could be the *beginning of the end*.

They did predict that in 2012, there would be a heightened state of natural disasters, as humanity enters into something called the Ethereal Age. It's more or less equivalent to the meaningless shit the New Agers describe as a "growing harmonic convergence," which itself is really nothing more than a special kind of artisanal catchphrase successfully marketed to ridiculous hipster vegans and yoga-sexuals.

At their pre-Cortes peak, there were an estimated 15 million Mayan people. Unfortunately, the Spanish conquistadors (many of whom were veterans of the bloody Inquisition) made a sport out of killing them. They also thought it in the best interest of Christianity to burn all of the Mayan books and records they found, a fate that befell many Mayan people, as well.

Mayan timekeeping is a multifaceted and enigmatic process: they used multiple calendars, each usually comprised of 13 months and 20 days. One Calendar included a five-day month full of unlucky days, but every 5,125 years or so, one cycle ended and another began. There are different ways to explain this, but none seem to translate out quite satisfactorily, so right or wrong, people like the late psycho-naut Terence McKenna helped to popularize the "End of All Time" theory of 2012. Suffice it to say, the morning of December 21st will be a new morning both *like* and *unlike* any other morning in the history of mankind and life on this planet, which is actually an utter meaningless thing to say, yet there is a feeling of a need to say some-

thing about the date's significance.

Director Roland Emmerich saw fit to spend \$200 million and hire a perpetually deflated tire, actor John Cusack, to say his piece about the date. It took him 158 minutes. To call his 2009 film 2012 a "disaster movie" is as much a critical review as descriptive phrasing.

There is a lot of argument about just what the ancient people actually did to predict what would happen on December 21. Many scholars agree that they did in fact predict "an event of major proportions" would take place on that date. The Hopi Indians allegedly foresaw similar carnage around the same date as the Mayans, but nobody specified what the major event or disaster would be. Doomsday enthusiasts have taken that ball and run with it, theorizing that major earth changes will occur as we attain galactic alignment in the Milky Way: pole shifts, solar magnetic reversal, mega-quakes, tsunamis, X-class solar flares, and coronal mass ejections.

Whatever horrible things do happen, at least the economy can't get much worse.

A GOOD DAY TO DIE?

The Bible predicts that there will be a lot of false prophets in the lead-up to the End Times, and the planet is already lousy with psychics, seers, soothsayers, and swindlers all trying to make a name for themselves (and a buck) by predicting the most unlikely, but insanely violent, ending to the world they can imagine. Many of these charlatans "see" swarms of cosmic calamities befalling our little blue planet and leaving nothing but a smoking core of rubble and ruin.

Asteroids will impact, super volcanoes will erupt, nuclear weapons will detonate, aliens will attack, cabals of international bankers will rise, the environment will warm, deadly plagues and bio-weapons will be unleashed, terrorists will strike, the economy will fail, black triangles will take to the skies, human flesh will be eaten, and a stealthy planet called Nibiru will collide with Earth.

There will be mass suicides, bloody murders, ghastly accidents, power outages, brains will be hacked into and taken over by rogue government agencies, massive earthquakes will flatten major cities, deadly tsunamis and floods will destroy everything that's left standing. There will be infestations of super bugs, outbreaks of swine and bird flu, massive crop failure, chemtrail poisoning, genetically modified vegetables forced on the public, solar storms crippling our satellites in the sky, drinking water gratuitously fluoridated, teens will start sexting, society will break down into anarchy, anarchy will break down into organized looting and race riots, martial law will be declared, people will be forced to take flu shots, the government will confiscate guns, Goldman Sachs will buy the Atlantic Ocean, the President will declare himself Emperor of the World, and CPS [Child Protection Services] will take your children away and sell them into sex slavery.

Not likely.

But it's not as though everything and

everyone has to be destroyed.

One theory, made popular along the Conspiracy Belt (Austin, Texas to Sedona, Arizona) by the Alex Jones (the Billy Mays of Conspiracy Theory) crowd is that the Rothschild, Rockefeller, Mor-

gan, DuPont, and Bush families will all survive the catastrophic earth changes perfectly intact and well-rested, living comfortably in their deep underground bunkers until the dust settles and it's once again time to come out and rule the world.

Elitist groups will announce the "One World Government." The TSA [Transportation Security Administration] will be everywhere, groping senior citizens and sticking their hands down the pants of the handicapped. Police will arrest nonconformists; anyone with an "End the Fed" bumper sticker or home-schooled child will be put into FEMA [Federal Emergency Management Agency] torture camps (that are supposedly already built). The rest of the population, approximately 500 million people, will be forced into planetary-wide slavery, working for, and at the pleasure of, an elite group of criminal offshore bankers and their select friends. Goldman Sachs will begin construction on a money pipeline that shoots a billion bucks at a time directly from Washington, D.C. to company headquarters in New York City.

The end of the Mayan Calendar certainly could shepherd in any possible kind of destruction and annihilation, from rare celestial and planetary disasters, to cosmically created calamities and man-made cataclysms. It could be like the Apocalypse, The End Times, Armageddon, The Rapture, and The Last Days, a planetary extinction and death all happening at once.

PATHEMIC PROPHETICS AND OTHER FALSE PROPHETS

"Our earth is degenerate in these latter days. There are signs that the world is speed-

ily coming to an end." Those prophetic words were found on an ancient Assyrian tablet dating back 5,000 years, all the way to the beginning of what we now call civilization. It's as much a comment on the moral failings of our Assyrian contemporaries in 3000 B.C. as it is on us and our unconscious wishes for our own de-

struction, our

Freudian Death Urge. It's the part of us that likes to see Pentagon films of smart bombs exploding on a terrorist's lap while he sits on the shitter. We're the rubbernecker, gawking at the three-car pileup on the way to work. It's also the part of us that's unconsciously rooting for everything to go up in a flaming ball of dirty shit on December 21st. We love to fantasize about finally being rid of all our problems and responsibilities in one huge cluster fuck. Sure, we dream of not paying our bills and maxing out the credit cards on gambling, hookers, and drugs. But if one is going to stop paying his bills and max out his credit cards on all that good stuff, shouldn't it be for all the right reasons, not because some dude with a ponytail on a yoga mat is running around Whole Foods saying that the world is going to end in some "harmonic convergence."

As proof of our chronic unconscious drive for certain and final failure, every year since that Assyrian tablet was carved, some charlatan has announced that the end of the world was nigh, calculations using everything from the date of the Great Fire of London to

Haley's Comet to the dimensions of the Great Pyramids in Egypt. So far, the only date both eschatologists and scientists can agree on for the end of the world is somewhere around the year 4,500,000,000, when it's pretty certain that the sun will swell into a red, diabetic giant ball and swallow Mercury, Venus, and Earth as it burns itself out and goes into its final death throes.

Historically speaking, things have always sucked and people have wanted the world to end in spectacular, sometimes violent ways. Nobody wants to go out with a whimper. We all want the world to notice us when we're gone, much like the inhabitants of Atlantis, who the pseudo-scientific dipshits say possessed super-advanced technology, only to be annihilated by a rising tide. Sure, these cats could time-travel, but they never quite figured out how to build a fucking boat.

Prophets are everywhere, like pubic lice in a hipster's beard, but it's really nothing new.

In 90 A.D., St. Clement alerted people that the end of the world was imminent. Jesus was almost *sure* to return any day now. After all, it had been 60 years since he had died on the cross. Any day now...

It was right around the turn of the first millennium A.D., church hysterics began putting forth the theory that recently deceased Charlemagne might disinter himself from the grave to battle the Antichrist and usher in the return of Jesus. When nothing happened and the good king stayed nice and cozy in his hole in the ground, the date was quickly recalculated to 1033, allowing for Christ's 33 years of life. Recalculating dates is to prophecy what stopping for gas

is to a long car trip.

Today's prophets have become the carnival barkers of

evangelism—professional and clerical lunatics slowly shitting their shorts and soiling their reputations for short-term gain and attention at the expense of long-term viability. Whether they're predicting earthquakes based on the number of lost and found pet ads in the local newspaper classifieds, or making claims to having worked with alien technology at secret government bases in the desert, these jokers' "forecasts" are as dubious as their conveniently "misplaced" educational records.

Even the most ornate loons are given a national platform of millions of listeners every night on radio shows like *Coast to Coast AM*, a program whose (pseudo)"science adviser," Richard C. Hoagland, is a former planetarium curator and has now become the human equivalent of swamp gas. The man believes every lunar rock is an alien robot head and that there are, in fact, towering glass skyscrapers on the moon. NASA's just another evil government agency hiding facts from us, he argues. The brain-child of goofball guru and Y2K profiteer Art Bell, and steered for most of the last decade by the occasionally capable and sometimes wide-aware George Noory—a man who might have better served humanity calling out bingo balls at the Home for Old Ladies—the show often taps into the lucrative fear-mongering marketplace with crackpot guests fashioned as "experts" by virtue of nothing more than their ownership of a pair of night-vision goggles and always entertaining collection of "data." Predicting apocalypses in between Sasquatch sightings and tales of alien abductions is just another night at the office on the AM dial.

Yet another "psychic" guest, whose record is lame and shameful, is yeasty human gorgon Sylvia Brown. In her book *End of Days: Predictions and Prophecies About the End of the World*, the pussy-faced, categorically *unfuckable* fortune teller and convicted felon serves up her version of what's going to happen around the time of the Mayan Calendar's end. Normally relegated to her pitiful role as the only person alive who will still appear on the *Montel Williams Show*, Ms. Brown pulled out all the stops for 2012. And there's good news, she re-

ports: the "common cold" will be eliminated by the year 2010, but Japan should take Brown's advice and heed her warnings: a damaging tsunami will hit the country—around 2026! This hoary old bitch couldn't predict a shit within five days of eating bad Mexican food, let alone the end of time.

When 21-year-old, dyslexic high school dropout and failed rock star Vernon Howell joined a sect of the Seventh Day Adventists, he must've seen the apocalyptic fate awaiting him as did David Koresh, leader of the Branch Davidians, the reincarnated divinity with 20 wives, a vast armory of guns, and leader of 75 souls subsequently lost in a fire that may or may not have been started by he-man Janet Reno herself, after a 51-day standoff with the alphabet agencies of the Federal Government.

Jeffrey Lundgren, wife-beating leader of a Mormon splinter group that splintered off from still another Mormon splinter group, claimed to be the reincarnation of Jesus Christ. However un-Christ-like in appearance, Lundgren strode about in military fatigues and suggested that his followers should show their loyalty to him by sacrificing their wives' honor and allowing him to cleanse their wombs with his seed. Later, he raised the bar of faith to "sacrificing a family member."

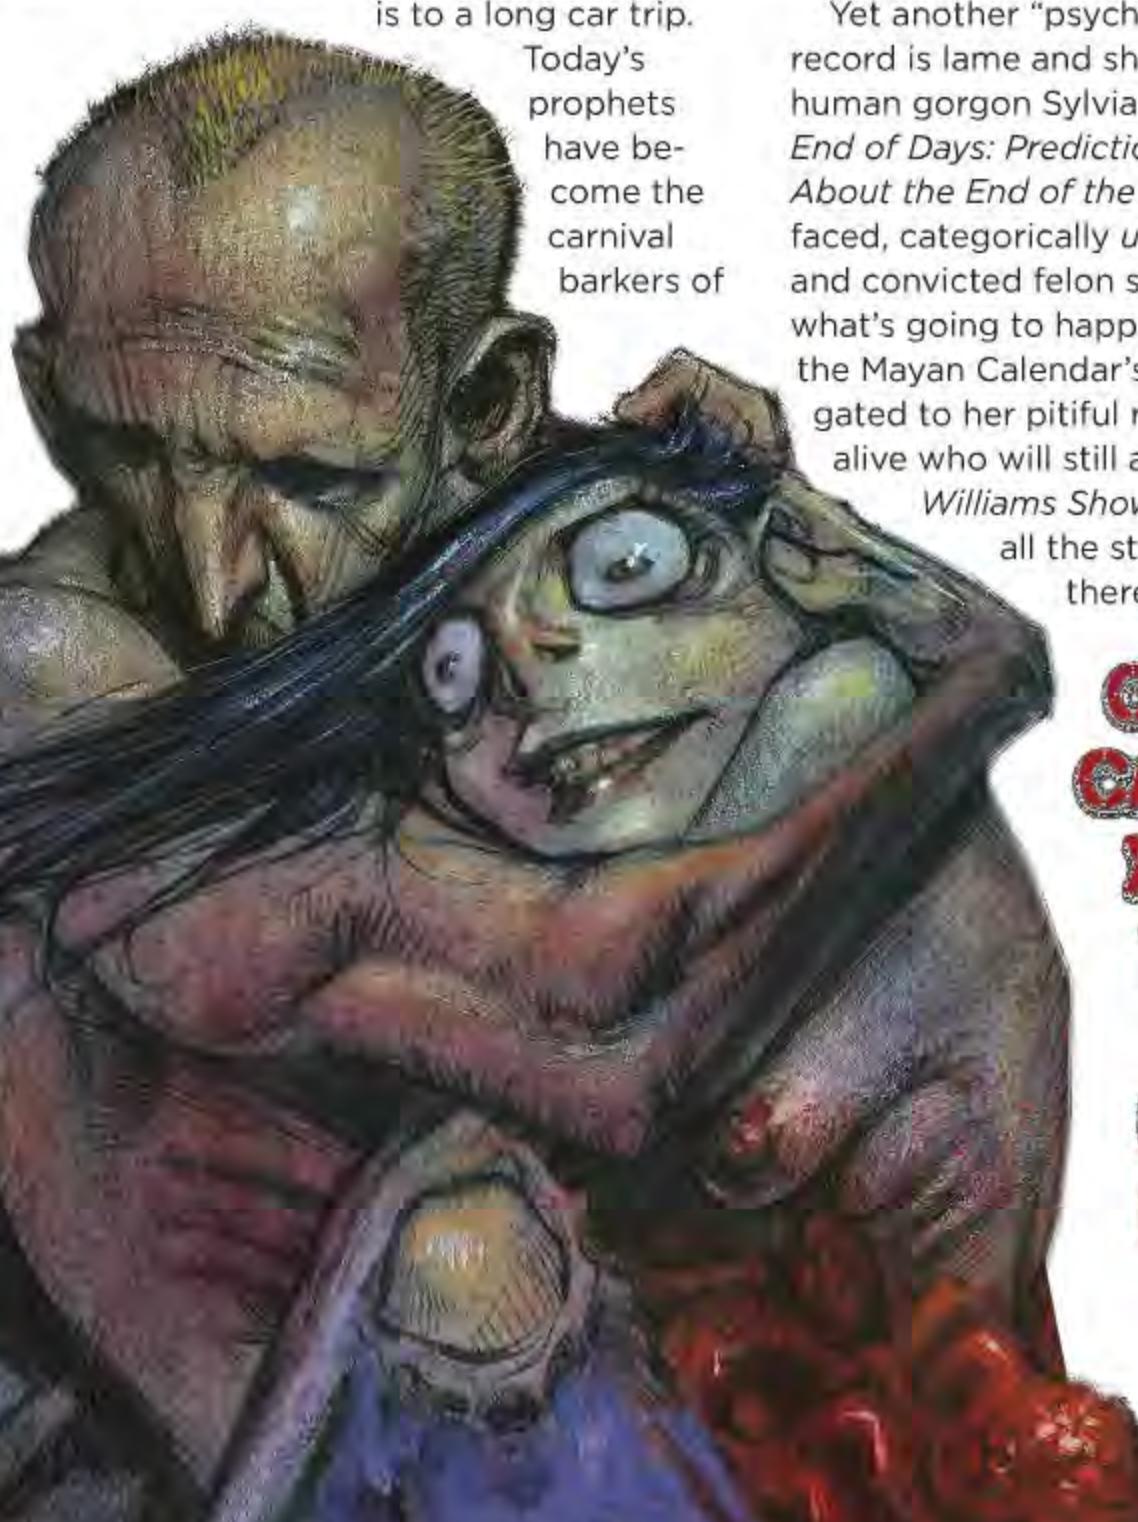

It's exciting to be perpetually braced for death. It adds meaning when there isn't any—in and around the boring corners of life where we sit waiting for something to happen.

Nostradamus wrote such dense, obscure predictions in his quatrains that validating his work is like trying to watch forty TV channels at once. He apparently predicted that the Earth would melt in about 1,500 years, but it's often hard to establish just what the hell he means until something has happened and you can go back and find what you're looking for.

The Christian Apocalypse is essentially a *Lord of the Rings*-style, all-out battle between the forces of good and evil, with an eternal life in heaven that sounds suspiciously like being stuck in a never-ending church service.

In that other religion, you know, the one that you're not even supposed to talk about,

**QUESTION IS: SHOULD YOU TURN TO
CANNIBALISM AND CHOW DOWN ON
YOUR FRIENDS AND FAMILY WHEN
TIMES GET TOUGH? SURE, ON DAY
TWO, THIS SEEKS LIKE AN
UNREASONABLE QUESTION, BUT BY

or mention, because if you do they will suicide-bomb you? Their Apocalypse gets a little weird: in the run up to the end, the ground caves in and fog covers the skies for 40 days. All the infidels go unconscious, and all the faithful get head colds. When the skies clear, the sun rises from the west, a crazed beast appears, and a southern breeze causes all true believers to break out in armpit sores—which eventually kills them all. Not exactly the same thrill as having dozens of virgins waiting to ride your cob.

Jehovah's Witnesses believe in the Adult Swim Theory of End Times: only adults on good terms with the church can make it to the afterlife. No kiddies in heaven? Ironically, child-lover Michael Jackson was raised in the faith. No wonder the King of Pop was taking so many drugs.

In 1840, a man named Joseph Smith was visited by an angel called "Moroni" and told about a bunch of buried golden plates that would eventually become the basis for the Mormon faith and a blockbuster musical. Signs of the Mormon End of the World used to be an impeccably dressed black man disguised as a member of the church, but

Nikes, made sure they had correct change for Heaven's cover charge (\$5.75), and overdosed on Phenobarbital and cheap vodka, making Jim Jones and his followers seem like a bunch of apocalyptic prudes.

Certified fuck-nut geezer and Christian radio broadcaster Harold Camping may look like a sickly lab rat, but he has predicted the end of the world numerous times. "Christ hung on the cross April 1, 33 A.D. Now go to April 1st of 2011 A.D., and that's 1,978 years." Okay. While his addition and subtraction skills are at a zenith for an insane 90-year-old kook, it may be time for him and his followers to throw a giant Kool-Aid bash.

The bees are dying off. Entire flocks of

for the long term with only one woman or just your hand, a wide variety of porn is one commodity that you *will* seriously need to stockpile. As many of us who have endured hour-long power outages have come to know, porn has an unreliable and surprisingly short shelf life. Once you've witnessed

NOSTRADAMUS WROTE SUCH DENSE, OBSCURE PREDICTIONS IN HIS QUATRANS THAT VALIDATING HIS WORK IS LIKE TRYING TO WATCH FORTY TV CHANNELS AT ONCE.

nowadays it's a darkening sun and moon, the state of Israel gathering power, and the rise and fall of Babylon (modern day Iraq). Of course, Smith believed that Jesus would come to him when he turned 85 years old. Unfortunately, Smith only lived to be 35.

Sir Issac Newton, inventor of modern science, calculus, and the reflecting telescope, worked the Biblical numbers and came up with the year 2060 for The Rapture.

At the end of the 18th Century, Lord Kelvin predicted that there was only enough oxygen in the atmosphere to last humanity another 300 years.

Under pressure from Christian missionaries, some Native American tribes believed in a "Happy Hunting Ground," full of game and great weather.

The Carabaulo people of Timor may not have an end, but an auspicious beginning: their ancestors came out of a huge hole that opened up in the ground.

Then, bright-eyed and bushy-tailed Marshall Applewhite and Bonnie Nettles somehow convinced three-dozen otherwise wide-awake human beings that they were extraterrestrials that traveled to Earth from the Kingdom of Heaven, and were to head back with the coming of Comet Hale-Bopp in the spaceship that was following it. Of course, one man's Kingdom of Heaven is another man's psychiatric hospital. Ironically, that's where the two cult leaders actually hooked up, Applewhite was a patient and Nettles was a nurse. In 1997, 39 members of Heaven's Gate put on black Mandarin-collared shirts, black pants, and brand-new

birds are mysteriously falling dead from the sky. There are massive holes in the Earth's magnetosphere, leaving the planet even more susceptible to the sun's angry coronal mass ejections and solar storms. Everything is ripe for a new beginning—or, certainly a new end.

The New Age people are predicting an awakening, a changing spiritual dynamic that will shine the divine light on people and make them enroll in yoga classes at their local community college. Enlightenment will become as common as the cold Sylvia Brown predicted would be over and done with in 2010.

DINING IN, AGAIN!

Quick, there's only 143 shopping days left until the end of the world.

The experts at Homeland Security tell us that preparation is the key to surviving any catastrophe.

Any long-term survival plan depends on storable food and clean water. And air. And firearms, lots and lots of firearms.

Most of us aren't going to spend thousands of dollars on dehydrated crap now or ever.

Other than toe-tagging yourself and your family members for a morgue that will no longer be in service, logic says it's rather pointless to prepare yourself for your own certain demise.

Locking yourself in the basement to wait it all out with an extra bag of Doritos and a box of boner pills just isn't going to cut it either. If you're going to be hunkering down

the diggity dank, it no longer counts and loses half its potency.

Let's just say that you've ignored every single commercial highlighting the importance of purchasing storable food and December 21st rolls around and you've got nothing in the bomb shelter except some Ramen Noodles, a loaf of bread—and 12 of your family and friends. Eventually, your group is going to run out of things to nosh on.

Question is: Should you turn to cannibalism and chow down on your friends and family when times get tough? Sure, on Day Two, this seems like an unreasonable question, but by Day 200, your Aunt Susan will begin to look like a pretty damn square meal.

A REASON FOR REASON

Let's face it, the world very probably *isn't* going to end on December 21, 2012, or the next day, or next. We're not that lucky, and we're not that important that the entire universe should want to expend and deplete all of its energy just to get rid of us. Sure, Armageddon is a nice thought, but ultimately, it's a wet dream shared by the Pat Robertsons and Glenn Becks of the world. For most of us, our lives will remain unimportant, bleak, nasty, brutish and short, to paraphrase Thomas Hobbes. Just as we forget those who have passed before us, we too will soon be forgotten. Besides, there's no blaze of glory big enough to go out on that could compare to the one we came in on—shot like cannon fodder out of a penis at 800 mph, right into the buttery softness of a wet vagina.

Competitive pussy eating could become everybody's favorite new sport, but these two cunt lappers don't like playing by anybody's rules but their own.

MOCHA MORS

EL

29974

Sweet lust comes in all forms and flavors. **Bella** is sort of like a delicious milk chocolate box of candy you can't stop eating. Her mocha skin has just the right delectable texture. Her sweet pussy is like a chocolate-covered cherry, yummy and pink on the inside. She's addictive, maybe even bad for you, but you can't resist. It's okay to give in to temptation sometimes—the immediate gratification can be so fucking good!
